APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	Montana Department of Transportation P O Box 201001 Helena MT 59620-1001
Application No.:	14584
R/W Purpose:	a highway maintenance shop site
Lessee Agreement:	N/A (Unleased)
Acreage:	12.4
Compensation:	\$78,200.00
Legal Description:	Tract of land in E2SW4, Sec. 12, Twp. 26N, Rge. 19W, Lake County
Trust Beneficiary:	MSU 2nd Grant
Classification:	III

The Department of Transportation currently holds a lease for a small area of trust land for an existing gravel storage site and small pole shed. They have identified a need to construct a maintenance shop in the vicinity of Swan Lake. Their existing lease area was determined to be the best location. MDT will construct a maintenance shop which includes drilling a well and installing a septic system. All applicable county and state permits will be acquired by MDT. The water right for the well will be held in the name of State of Montana, DNRC. The Department recommends approval of this request.

APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	Frying Pan Road Users Association %Harold Brown 344 Frying Pan Road Dillon MT 59725
Application No.:	14587
R/W Purpose:	a private access road to four tracts of land for one single-family residence and associated outbuildings per tract and for conducting normal agricultural and ranching activities and recreational activities
Lessee Agreement:	ok
Acreage:	0.46
Compensation:	\$4,600.00
Legal Description:	30-foot strip through S2SW4, Sec. 36, Twp. 7S, Rge. 9W, Beaverhead County
Trust Beneficiary:	Common Schools
Classification:	III

Application is made to provide access to four tracts of land owned by three separate individuals. Per the Access Road Policy, these landowners have developed a road user's association. It is contemplated that these landowners may sell portions of their lands and they will be subject to the 1% conveyance fee should a partial sale of any of the ownership occur. Because the access road adjoins an existing subdivision, public scoping was held. Comments from the adjacent landowners were supportive of the access route so long as safety measures are installed, such a yield sign or stop sign, and that dust abatement be a condition of the grant of easement. The Department concurs with these recommendations and the road user's association has no objection to these conditions. The Department recommends approval of this request.

APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	Gregory A Goode and Fred C Hagel 1639 Highway 2 West Kalispell MT 59901
Application No.:	14588
R/W Purpose:	a private access road to one single family dwelling and associated outbuildings, including utilities and to conduct normal timber management practices
Lessee Agreement:	N/A (Unleased)
Acreage:	0.18
Compensation:	\$1,260.00
Legal Description:	30-foot strip through NW4SW4, Sec. 27, Twp. 28N, Rge. 19W, Flathead County
Trust Beneficiary:	School for Deaf and Blind
Classification:	III

Applicants are requesting access to lands they own northeast of Big Fork. Applicant originally requested a 60-foot access road, however, consistent with the Access Road Policy and recommendation of the Department's Unit office, a 30-foot road is adequate for the requested use. Two sections of state land, 27 and 28, are intermingled with applicants' private lands. The public enjoys legal access to both state sections through a county road. Reciprocal opportunities were discussed at length with the applicant, however, none exist. This easement requires construction of approximately 200+ feet of new road, crossing the corner of Section 27. An existing roadway located on Section 28, Old Krause Driveway, does provide access to applicant's private lands, however this road was constructed years ago in a marshy area and does not meet best management practices related to road drainage and sediment delivery. No easements have been granted by the Board for the use of this road. If this new requested easement is approved by the Board, a portion of Old Krause Driveway will be closed and allowed to revegetate. Due to recent timber sale activity in the area and interest by the adjacent landowners, the Department sent out scoping notices to approximately 60 individuals. Many comments were received, most notably citing the "rumor mill" that applicant was proposing a "gated community with gravel pit and air strip". Applicants have assured the Department that they do not have intention of subdividing at this time. Should they consider it in the future, they are required to re-submit an application to amend the existing access for such use. Such action would require additional approval by the Board. The Department recommends approval of this request as presented.
